

Mosaic Life Care Foundation Theory of Change

Creating healthy communities for generations to come

Healthy Today

As a part of Mosaic Life Care, we know everyday people count on our caregivers for exemplary medical care. At Mosaic Life Care Foundation, we see the long hours, love and compassion our Mosaic caregivers pour into their work just to help us all live a healthy life. The Foundation actively seeks ways to philanthropically support advancements in patient care across Mosaic Life Care.

Why? Because just like you we want the best care possible, right here in our hometown.

Outcome:
Transform community health by championing patients, value and quality.

Healthy Tomorrow

Together, Mosaic and the Foundation are committed to Life Care. This is the understanding that healthy living involves more than going to the doctor. We recognize the habits of healthy living start early in our homes and schools.

What does it take to grow up healthy? How do we empower young people to commit to the future of health in our communities?

At emPowerU, the Foundation provides civic engagement programs where youth are encouraged to think creatively, work collaboratively and problem solve real-life challenges and opportunities. A healthy tomorrow starts with empowering the young people of today.

Outcome:
Cultivate educated, empowered youth leaders

Healthy Together

Mosaic caregivers know they cannot create the healthy, vibrant communities we all want to see for our children and grandchildren alone. This is our hometown, and we are your hospital.

The Foundation values partner opportunities with schools, organizations and you. Together, we can create healthy, livable communities for generations to come.

Outcome:
Convene people, organizations and communities to thrive

Outcomes and Strategies

Healthy Today

Outcome:

Transform community health by championing patients, value and quality.

Strategy One: Philanthropy

Foster goodwill to humankind and promote human welfare.

Strategy Two: Auxiliary

Promote community goodwill. Provide support to enhance health care for Mosaic patients and families.

Strategy Three: Volunteer Services

Volunteers give their time in traditional roles to help our team of caregivers provide the best and safest care.

Healthy Tomorrow

Outcome:

Cultivate educated, empowered youth leaders

Strategy One: Civic Engagement Immersions

Students work collectively to research and present solutions to real-life challenges facing their communities.

Strategy Two: emPowerU STEAM Camps

This summer programming is designed to develop an interest in science, technology, engineering, art and mathematics.

Strategy Three: e2 Fellowship

Enhances the skills of high school leaders. Participants simulate real-life community challenges, exploring innovative solutions.

Strategy Four: Project Fit America

Supplies fitness equipment, a healthy lifestyles curriculum and training for cardiovascular health program in area schools.

Healthy Together

Outcome:

Convene people, organizations and communities to thrive

Strategy One: Character Education

Practicing positive character traits allows youth and adults the opportunity to grow and thrive in their relationships.

Strategy Two: Think Ahead Works

Offers youth educational programming, small business co-working support and commercial kitchen.

Strategy Three: The Big Muddy Mini Maker Faire

A Maker Faire that celebrates invention, creativity and resourcefulness.

Strategy Four: Think Ahead Speaker Series

Provide a setting for informative dialogue on educational and workforce opportunities important to our region.

Strategy Five: Scholarships

Since 1984, the Foundation has awarded 2,437 academic scholarships totaling over \$2 million.

Strategy Six: Grants

Since 1984, more than \$15 million has assisted youth service-learning projects, innovative education and workforce development.
